

# Electrical Engineering Technician

## OPPORTUNITY

Position is based in Bucharest, Romania and would require travelling to Company's other headquarters in Australia and Middle East.

## JOB DESCRIPTION

The Electrical Engineering Technician will assist Ainira's efforts to help create, maintain and repair the electronic components and equipment used in any equipment or device that involves electricity. They will work with our team of engineers to provide technical assistance and resolution when electrical or engineering problems are encountered before, during, and after construction.

## RESPONSIBILITIES

- Assemble electrical and electronic systems and prototypes according to engineering data and knowledge of electrical principles, using hand tools and measuring instruments
- Install and maintain electrical control systems and solid state equipment
- Modify electrical prototypes, parts, assemblies, and systems to correct functional deviations
- Set up and operate test equipment to evaluate the performance of developmental parts, assemblies, or systems under simulated operating conditions, and record results
- Collaborate with electrical engineers and other personnel to identify, define, and solve developmental problems
- Build, calibrate, maintain, troubleshoot and repair electrical instruments or testing equipment
- Analyse and interpret test information to resolve design-related problems
- Write commissioning procedures for electrical installations
- Perform other duties as assigned

## SKILLS and ABILITIES

- Certificate III or Diploma in an Electrical or Computer Engineering field required or equivalent work experience in electrical engineering field
- 2-4 years' experience with electronic test and troubleshooting
- Candidate EETs should have a working knowledge of/and experience with printed circuit board level testing/troubleshooting with typical electronic test equipment (oscilloscopes, DMMs, power supplies, electronic loads etc.)
- Qualifications and/or additional experience will be taken into consideration for overall position roles and responsibilities
